## Transportation

### By taxi

The most convenient way to travel between the airport and the recommended hotels is by **taxi**, which you can find on the 1<sup>st</sup> level (arrivals) outside the airport. The cost for a ride between the airport and the listed hotels is about 20 Euros. We certainly recommend to use **Baltic Taxi** (light green cars) or **Red Cab Taxi** (white cars), be aware of other brand taxi because they may charge overly high prices.
